## A SIXTH SENSE...

The first of our senses which we should take care never to let rust through disuse is that sixth sense, the imagination...

I mean the wide-open eye which leads us always to see truth more vividly, to apprehend more broadly, to concern ourselves more deeply, to be, all our life long, sensitive and awake to the powers and responsibilities given to us as human beings.

--Christopher Fry

112-112-112

Your Herald has thus far received less than a significant return on a straw vote ballot on whom readers would like to see elected governor or U. S. senator. We won't publish the straw vote results until it represents at least enough readership to point out a direction, though any such vote is inconclusive.

Since the straw vote in the past two weeks, Gov. Smith has announced for a third term, joining Dolph Briscoe and Lt. Gov. Ben Barnes.

Wayne Connally, brother of the Treasury Secretary and former governor, has announced for lieutenant governor. Others may announce beside several in the field.

It may be too early to stir interest in an election that is yet a year away.

112-112-112

## BUG EYED

Football's last big 1971 college day is this Thursday with Texas vs. A&M University and Nebraska vs. Oklahoma for traditional title contests including the No. 1 college ranking in the country up in Big 8 country.

I don't watch that much TV football. But the footballs inside your head, if you do, are only imaginary. They peak on New Year's Day when competition is almost 12 straight hours.

Watch that holiday traffic.

## Rockdale Voters Approve Issue For \$400,000

Rockdale voters by an overwhelming margin approved a \$400,000 tax bond issue in Saturday's election.

A total of 651 persons voted, with the vote 2-1 for the proposal.

The funds are to be used to finance Rockdale's share of 50-50 federal-local funding for water, sewer and street improvements.

The proposition for \$60,000 in street improvement tax bonds received approval from 460 voters while 179 were against.

A second proposition authorizing the sale of \$340,000 in water works and sewer system improvements got even greater voter support -- 480 for and 155 against.

Rockdale city councilmen called the election last month after engineers completed a study and recommendations for expansion of the sewage treatment plant. The plant has been criticized by the Texas Water Quality Board.

Other improvements the funds will finance include extensive new water and sewer distribution lines, two new water wells, iron filtration equipment for the water system and paving of a number of streets.

## Holiday Mail

Cameron Postmaster Narvie Caperton said out of town packages should be mailed by December 1 for Christmas delivery, and local packages and out of town Christmas cards by December 10. Local cards should be in the mail by December 15.

CAMERON'S National Guardsmen, from left, Pfc Gary Huntsman, of Rosebud, Cpl. Steve Terry, of Cameron, Sp4 Bryan Parcous, of Rosebud, and Sp4 Lloyd Mikeska, of Caldwell, set up a 81 mm. mortar during a drill Sunday. The unit recently converted from a basic rifle platoon to mortars with Company A of the 71st Airborne Brigade, 143rd Infantry, 1st Lt. Darryl E. Patillo, of Austin, is platoon leader, Larry A. Jackson, of Rockdale, is platoon sergeant.

## ASCS To Explain Phase II Regulations

Milam County residents can get official information on Phase II of President Nixon's Economic Stabilization Program at the Agricultural Stabilization and Conservation Service Office, says Douglas Buck, county executive director.

"As the Nation enters Phase II, ASCS county office along with the Internal Revenue Service will continue to provide public information at the local level," Buck said.

The county ASCS office will receive regular updated information from the President's cost-of-living council, price commission, and pay board.

Residents calling or visiting the county office about a wage-price problem, will get answers on the spot if the questions fall within existing guidelines.

More complex questions will be forwarded by county office personnel to the nearest IRS office for reply.

"We are not authorized to handle complaints, violations, and requests for exemptions, but we will forward them to the IRS district headquarters office," Buck explained.

He also said that the name of anyone filing a complaint or violation will be kept confidential.

Any questions that cannot be answered by ASCS or interpreted by the IRS district office will be forwarded for higher level action. The

person making the inquiry will be informed if this action is taken.

Details on procedures for appealing decisions also are available upon request.

Also, ASCS county offices have a supply of Form PC-1R, Report of Markups by Retailing and Wholesaling Companies, available at this time.

The County ASCS Office located at 111 West 2nd, in Cameron, is open from 8 to 4:30 Monday through Friday. The telephone number is 697-2122.

## Clinic Set For Follow Up Diphtheria Shots

Follow-up diphtheria immunizations will be given in a special clinic December 1, 2 and 3 at the Milam County Health Unit according to an announcement by Dr. C. G. Swift, health unit director. The Health Unit will be open from 8:30 a.m. to 4:30 p.m.

Dr. Swift said those who received their first diphtheria shot during the emergency program last month should report to the health unit during the special clinic to complete their immunization. He said those who received diphtheria boosters last month did not need a second shot.

Another case of diphtheria was reported this week in Central Texas. Dr. Swift said State Health officials were giving immunizations at Snook, Texas, following a confirmed case there.

## Ag Income To Near \$18 Million For Year

By Bill McCutchen

Milam County's agricultural income for the 1971 calendar year is estimated at \$17,916,610 by a county committee composed of Monroe Fuchs, Wally Eldridge, Gus Elley, Wilburn Beckhusen, Joe Glaser, Anton Anderle, Wayne Mann, Henry Ivey, Douglas Buck, J. D. Moore, Wayne Blaylock, TP&L Rep., and the County Extension Agents.

This income figure does not include government payments.

The big portion of this income, some \$7,250,000, comes from the beef cattle. This was certainly the bright spot in Milam County agriculture this year as cattle prices were good all year even with an extended drought. Rains in the later summer and early fall pushed cattle prices even higher.

Cotton is still king in Milam County as a cash crop. Most of the county's 35,000 acre cotton crop has been harvested with the notable exception of cotton in the Maysfield and Branchville communities where the

cotton is late because of adverse weather and hail in the spring.

The crop looks good there and Kenneth Willy estimated last Thursday that 85 to 90% of the cotton was still in the field in the Maysfield area.

The 1971 crop is projected at 17,500 bales bringing in some \$2,880,000 making it the number one cash crop.

The grain sorghum harvest is complete and was disappointing in yield averaging about 2,000 pounds per harvested acre on some 60,000 acres. Milam County's crop was harvested before the price break however, with the crop estimated worth at \$2,700,000 or a close second to cotton.

The dairy business remained on about an even keel, possibly suffering a little in net income in 1971 as a result of higher feed prices. The milk income was set at about \$800,000.

The swine and poultry industry suffered through a rough year in 1971 with both pork and egg prices very low. The swine industry showed

an increase in income however, due to an increase in numbers. The swine business is a \$1,400,000 industry in the county.

Other commodities showing an increase this year included turkeys, vegetables, fish, hunting and fishing leases, and hay. Drops were noted in sheep and wool, corn, eggs, wheat, and pecans. The peanut crop will yield about the same income as in 1970.

## Four Youths Charged In Beating Incident

Three Rockdale youths have been charged in Justice of the Peace Jess Brock's court with simple assault and another Rockdale youth charged with aggravated assault in County Court following their arrest by Cameron police for beating up a local youth.

Benjamin Frausto, 17, of Cameron, was picked up by the four near McLane's Red and White Supermarket about 11:15 p.m. Sunday. He told officers he was taken to the old Little River bridge and beaten with a belt buckle until he passed out. He was then thrown from the car at the corner of N. Milam and East 4th St.

Charged with aggravated assault was Henry Zamora. Simple assault charges were filed against Vincent Chisenhall, Henry Preston Carr, and Rudy Cortinas.

The four were arrested by Cameron police and turned over to county authorities.

## Fire Damages House

A fire that started in a stove flue did extensive damage to a house on North Polk Saturday night. Cameron Volunteer Firemen extinguished the blaze which burned the ceiling of the house. Water damage was also reported to the house but no injuries were reported.

## Chrisco Cites Slump

H. F. Chrisco, Works Manager of Aluminum Company of America's Rockdale Works, cited "overcapacity, hedge buying, ever-increasing production costs, and cut-throat competition in the aluminum industry as reasons for declining profits and mushrooming metal inventories at aluminum production plants," in his November 16 address before the Rockdale Rotary Club.

"Although the future for aluminum appears to be brightening in several key market areas, many major aluminum customers are still drawing on stockpiles they accumulated in anticipation of a possible industry strike last June--which did not occur as a settlement was reached. However, these customer stockpiles are not now being depleted as fast as predicted because of the general economic decline in the U.S.," Chrisco said.

The works manager noted that the Rockdale plant, the country's largest primary aluminum smelter,

had trimmed production about 10 percent in July to help bring supply in better balance with demand.

"Our efforts at Rockdale Works right now are centered on cost reductions in every corner of the plant so that metal being stockpiled now will be able to be sold at a profit in the future when demand begins to pick up," Chrisco stated.

According to the works manager, wage increases brought about by the new labor agreement, along with spiraling material, service, and transportation cost are threatening the Rockdale plant's ability to produce metal competitively in the current cost-price squeeze in the aluminum industry.

"As a result, we must reduce our costs to protect our jobs in Rockdale. This cost-cutting route must be taken because to even consider an actual price increase would be ridiculous in view of all the metal stacking up in aluminum plants around the country," Chrisco said.

## Six Yoemen Named To All-District Positions

Six Cameron Yoemen are listed on the District 20 AA All-District team, chosen by district coaches. Yoemen are Jim Bailey, Sam Knight (for the second year), Prentiss McGoldrick, Will Turner, Richard Cummings, and Randy Tumlinson.

Honorable mentions went to Donnie Tucker, Paul Vaculin, Jackie Chubb, and David Fritz.

In the All-District lineup, offensive backs are: Scott Ingraham, Tim Skaggs, and Glynn Bloomquist, all of Westlake; Brian Reinhardt and Charles Earl of Round Rock; and Eugene Ayers and Alanzo Daniels of Caldwell.

Offensive linemen: Harlin Osborne of Elgin; Jim Day and Roy Collins of Westlake; Butch Duty of Round Rock; McGoldrick of Cameron; David Daniel and Danny Stabino of Georgetown; Lewell Emmons and Tommy Maldonado of Caldwell.

Offensive ends: Ben Looney of Westlake; Harry Mercer of Round Rock and Billy Ayers of Caldwell.

Defensive linemen: Mack Saxon of Elgin; Bob Mayo of Westlake; Tumlinson of Cameron; Bob Lippold and Bill Stump of Georgetown; Mike Valigore and Mike Arnold of Caldwell.

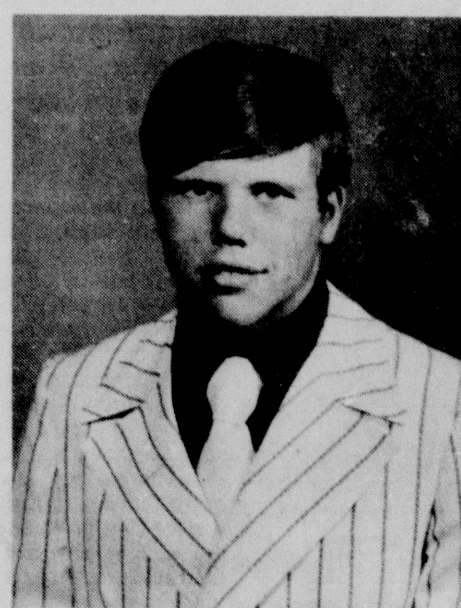

Defensive ends: Steve Thompson of Westlake; Raymond Amaro of Round Rock; Bailey of Cameron; and Gary Easter of Caldwell.

Defensive line backers: Roger Kerr of Elgin; Knight of Cameron; Brock Kalmbach of Georgetown; Mike Priest and Chester Canady of Caldwell.

Defensive backs: Lakon Morgan of Elgin; Thad Jayner of West Lake; Walter Biel of Round Rock; Turner and Cummings of Cameron; Darrell Stevenson of Caldwell.

## Rockdale Okays Bonds

Congratulations to Rockdale voters for approving the responsibility of improving their sewer system, said to be 236 percent under capacity by State Water Quality Control Board.

This is another step in the urbanization of Milam urban centers of Cameron and Rockdale.

Water and sewage service are that basic. Communities live and die around them or they vegetate.

Rockdale proved to have the resilience to review the problem in open discussion and carry for the issue of some \$400,000 by a 2 to 1 margin.

This is also a sign that Milam County is indeed modern in its concept of what residents see and are willing to accept in making the present a higher quality and the future a better prospect for Milam area residents, new and old.

## With A Few More Nov. 22nds

November 22 passes with a little less notice each year. About 50 people stood at the memorial near where bullets struck President John Kennedy and then-Gov. John Connally in Dallas Monday.

Only a few hundred gathered at the Kennedy grave in Washington.

Other bullets flew since that day. Sen. Robert Kennedy died in a senseless attack in Los Angeles. Martin Luther King was assassinated in Memphis.

John Connally recovered from those wounds and served out three terms as Texas governor and moved to the Secretary of Treasury under Nixon.

Most of the things the Kennedy rhetoric appealed for are in some form or some of the 400 new programs put through by President Johnson.

And Connally is one of the public officials who carries the continuity of public responsibility by trying to contend with inflation which began with the immense push

for "guns and butter" in the mid-60s.

If one looks for continuity in tragedy, one finds it in the interesting fact that all the Presidents since John Kennedy have been Navy men and that John Connally was secretary of Navy before he came back to Texas to run for governor. And he seems now to contend for higher office as did Kennedy, Johnson and Nixon.

He almost died with the man whose death eight years ago tested the sinews of this government, whose death set in motion events which shattered our adolescence about the responsibilities and strains of a world power.

An "eternal flame" still burns at Kennedy's grave in Arlington National Cemetery. A brother lies buried nearby.

Texas has vaulted through a presidency in succession to this dead President and is central in momentous problems of the 70s. What shall a few more November 22nds see?

Dateline Austin...

## State Workers, Teachers To Get Salary Increases

By Bill Boykin

Almost 100,000 state employees and 140,000 school teachers will get the pay raises the Legislature voted for them -- effective November 14.

President Nixon's Pay Board and the Cost of Living Council notified state officials all wage, salary and other benefit increases provided in the 1971-72 state appropriations act will be permitted on end of Phase 1 of the president's wage-price freeze.

For most state employees, the 6.8 per cent increase they expected to get September 1 will reach them on a supplemental payroll for the November 14-November 30 period.

Teachers will receive a five per cent per year boost in line with a 1969 long-term compensation plan approved by the Legislature.

State employees and teachers lost about \$19 million of their scheduled raises between September 1 (start of the state's fiscal year) and November 14 date of the un-thawing.

They continued to sweat out federal agency rulings as to whether their benefits could be made retroactive because they actually were ordered by state lawmakers before the August freeze order.

State Commissioner of Education J. W. Edgar notified local school districts that compensation benefits such as travel expenses and supplements for insurance premiums may also be put into effect. State funds will be disbursed to school districts in line with the programmed increases beginning with the December foundation fund payments.

School districts with 1,000 or more employees will have to report raises to the Pay Board. Districts with fewer than 1,000 employees are not required to make the reports, although they must operate within board rules.

### ALLOWABLE INCREASED

After seven months of declining oil production allowable, the Railroad Commission set the December production figure at 63 per cent of potential -- an increase from 62.5 per cent.

Commission Chairman Byron Tunnell cited declining stocks of crude oil. He said the stocks stood at 99.8 million barrels on November 12, down 11 million from 1970.

The commission's production allowable will permit a maximum output of 3,339,400 barrels a day, 21,341 more than for November. Actual production is estimated at 3,060,846 daily for December, just over what major crude purchasers asked.

Foreign oil stocks are up

8.6 million barrels from 19-70, Tunnell reported.

### FOOD STAMP PROGRAM

Changes in the food stamp program for the needy approved by the Board of Public Welfare last week will double the number of participants and increase cost.

Changes ordered by federal legislation will liberalize eligibility standards based on a scale of maximum income.

Board also adopted these policy changes in event federal court cases are decided against the Welfare Department:

- To permit welfare aid to non-citizens lawfully admitted to this country for permanent residence or to those seeking old age assistance who have lived in the U.S. at least 25 years.

- Eliminate a provision that criminal charges must be filed against a parent who deserts a child before aid to families with dependent children can be paid.

- Wipe out forced establishment of guardianship before aid can be paid to those

permanently and totally disabled due to mental impairment.

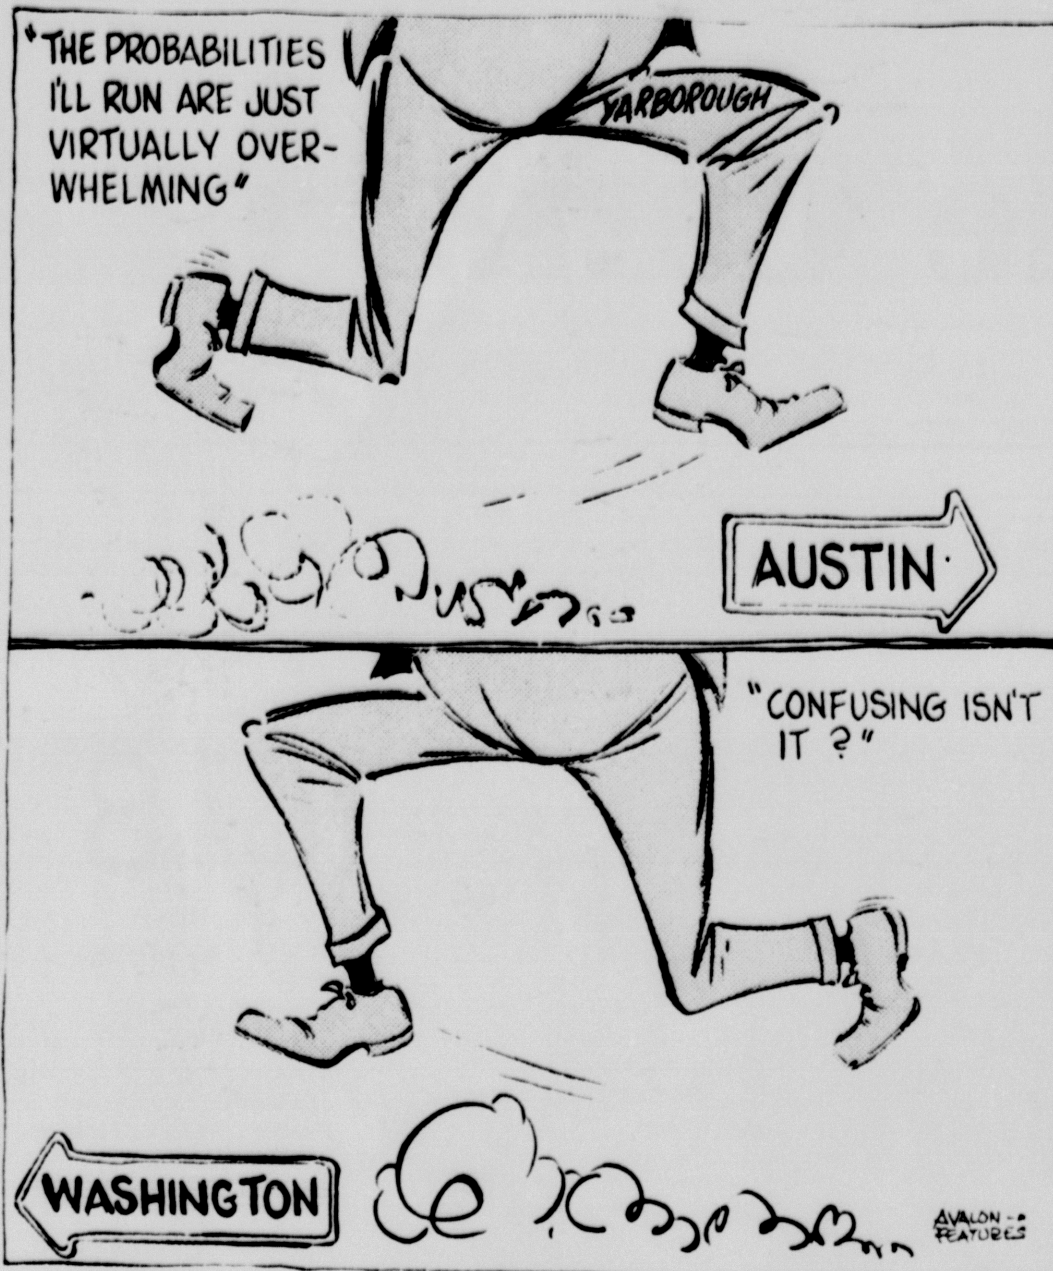

### AG OPINIONS

A local police and fire civil service commissioner may serve as an assistant postmaster or a city tax board of equalization member at the same time, Atty. Gen. Crawford C. Martin held.

In other recent opinions Martin concluded:

- Taxable property valuation as used in the education code is synonymous with "assessed valuation", and only the last assessed valuation as determined by county government in "the next preceding year" may be used as one of the criteria for establishment of a county junior college district.

- Taxes and fees paid the state comptroller under protest may be refunded on his determination within the period in which he may assess a deficiency for the tax suit.

## OLD PHILOSOPHER

Dear editor:

When I read a newspaper last night that 87 tons of cornbread mix had been recalled by the Food and Drug Administration because it contained too much of something called aflatoxin, I began turning over in my mind the things I can think of that have been recalled in recent months.

These included soup, tuna, detergents, swordfish, cereals, lipstick, toys, airplanes, automobiles and a few diplomats. There may have been others that escaped me but this gives you an idea of how the recall business is booming.

If it keeps up the President may have to establish a new cabinet position to be known as Secretary of Recall.

Several columnists have suggested that it would be simpler to check foods before they leave the plant, rather than waiting till they got on the grocery store shelves, but this takes all the drama out of it. There's

no news value in cornbread suppressed, but cornbread recalled, that's a headliner.

If the President does establish a Secretary of Recall I can foresee many opportunities for the office other than those involving foods, cars, and such like.

For example, there are some votes I cast for certain people over the past few years I'd sure like to recall. At the time they seemed like good, sound votes, passing any standards set by the Food and Drug Administration, but after the candidates got into office or on the grocery store shelf as you might say, I could tell right off they contained botulism if not worse.

You can say sure, but you can recall them at the next election.

That's right, but that's a mighty long time to have to put up with contaminated cornbread or politicians.

Yours faithfully,  
J. A.

## THE FAMILY LAWYER

"The large print giveth, and the small print taketh away."

That old joke about insurance policies has often had a good deal of truth in it. Many a crucial clause has been tucked away in typographical obscurity.

But in recent years, the size (sometimes even the color) of the print in insurance policies has been widely regulated by statute.

For example, a common requirement in the field of health insurance is that the exceptions must be printed at least as plainly as the benefits. Take this case:

A man disabled by rheumatism tried to collect on an insurance policy that promised, in large lettering, to pay benefits for six months. But down in the fine print, the policy cut the payments to only one month for certain diseases -- including rheumatism. Was the man bound by the one-month limitation? A court decided that he was not. Because of the substantial size of the print, said the court, that part of the policy simply had no legal effect.

Even if the print is large enough, it will ordinarily not

carry as much weight as language that is typewritten or handwritten into the policy.

Another case involved a life insurance policy in which the words "Double Indemnity For Fatal Accidents" had been inserted by typewriter.

Later, double indemnity was held to be payable, even though there was conflicting language in the printed portion of the policy. The court said that words specially inserted were more likely to be correct than words buried in a standard form.

Of course, anything that clarifies an insurance policy also puts a greater responsibility upon you as the policyholder. The clearer the policy, the less grounds you have for arguing that you did not understand what kind of protection you were getting.

Accordingly, it makes good sense to examine a policy at the time you buy it, rather than waiting until you have suffered a loss. Not even large print, not even a special notation, can tell you anything unless you read it.

A public service feature of the American Bar Association and the State Bar of Texas. Written by Will Bernard.

### BANK BIDS STUDIED

The State Banking Board may act next week on a dozen applications for "phantom bank" charters.

Board must decide whether authorizing such procedures for larger banks to absorb smaller ones is a step toward prohibited branch banking.

## "Low Down" FROM THE Congressional Record

By JOE CRUMP

(A Column for Readers Who Haven't Time to Review the Congressional Record Daily)

### BEST GUN CONTROL -- JAIL THE CRIMINAL

REP. J.R. RARICK (La.) "...Conditions in Washington, D.C., the showplace of Western democracy -- have deteriorated to an alarming degree... Murder has reached an all-time high among the District residents..."

"Conditions have worsened to the point where many people for self-preservation are inclined to seek a return to summary justice -- the law of the gun. EVEN THE CHIEF JUSTICE OF THE SUPREME COURT OF THE UNITED STATES HAS TAKEN TO ANSWERING HIS DOOR AT NIGHT WITH A GUN IN HAND, not knowing what danger lurks in the shadows of the night."

"We have even reached the point where a citizen is actually suing the Government to allow him to carry a gun in the District. This citizen charges in his suit that he 'has good reason to fear injury to his person.' The facts

bear him out. This is a dangerous city to live in, work in, or visit. "Many of our colleagues have claimed that additional gun control legislation is the answer to the problem. A local radio station has carried editorials entitled, 'Get the Guns Off the Streets.' This is certainly not the answer. "The District HAS A GUN REGISTRATION LAW. In fact, the suit against the city to allow him to carry a gun in the city was caused by the refusal of the Chief of Police to grant the request for a citizen to have the right to protect himself."

"Regardless of any laws in existence or proposed, the criminals for the commission of their crimes continue to obtain whatever instruments they require -- whether they be handguns, knives, ice picks, or some other item. Any additional restrictive gun laws

can only be expected to force the law-abiding citizen to violate the law as he faces the choice of either obeying the law or defending himself and those entrusted to his care."

"We should move to see that the criminal, once apprehended, meets the swift and sure justice. Again, we must re-examine our laws and remove those impediments to justice that go to such lengths to protect the accused that justice is not served and the legal system of America is made the target of mockery and insult. Then, and only then, will the crime wave that threatens to destroy the fabric of our country be dealt with and stopped."

"The answer to crime is to 'GET THE CRIMINAL OFF THE STREETS.'"

### A GRASSROOTS COMMENT

Any citizen who has gone through the procedure of applying for a permit to purchase a handgun; register it, and then apply for a permit to use it for target practice or hunting is convinced of one fact -- no criminal would bother."

The only law needed is to make an individual, found in possession of an illegal handgun, subject to a mandatory prison sentence. Give the judge no choice. Crimes with handguns would "slow to a walk." --J.C.

## Every generation has a responsibility to look out for the needs of the next generation.

Let's hope we can pass on the earth to the next generation in about the same shape we found it. With rich, fertile soil. Clean water. Clean air. And abundant natural resources.

At Lone Star, we know the

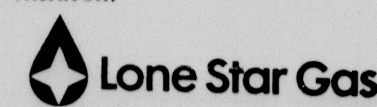

earth's resources are there for us to use. But not to use up.

That's why we're continuing our search for natural gas even though we already have a good supply for this generation's needs. We want to make absolutely sure the next generation has the energy they'll need.

We're drilling the world's deepest well at the Anadarko Basin in Oklahoma. 28,000 feet beneath the surface of the earth. If this well is successful, we think we

may have one of the richest gas reserves in the nation.

This land has been good to us. Let's make sure it's good to our children.

## Personal Church Ceremony Unites Couple

Mr. Glenn McNulty of Denver, Pennsylvania is visiting in the home of his sister and brother-in-law, the W. E. Obermillers, for the Thanksgiving holiday. They will attend a family dinner in Austin Thursday and a McNulty family reunion at the VFW Hall in Thorndale on Saturday.

Among out-of-state college students home on the Thanksgiving holiday are Miss Kathryn Kahler, daughter of Mr. and Mrs. James Kahler, a student at Sophie Newcomb College in New Orleans, and Miss Marion Thomas, daughter of Mr. and Mrs. Hilliard Thomas, a student at Stephens College, Columbia, Missouri.

## Births

To Mr. and Mrs. Billy Jack Harrison of Rt. 2 Rosebud, a girl, Cindy Gaye, 8 pounds 6 1/2 ounces, born November 16 at 3:25 a.m. at Newton Memorial Hospital.

To Mr. and Mrs. Bobby Joe Blaylock, 904 N. Austin, a girl, Carol Lee, 3 pounds 9 ounces, born 8:27 a.m. November 12 St. Edward Hospital.

## Creative Stitchery Show Opens

TEMPLE Mrs. Don Wilson of Temple will present a one-woman showing of creative stitchery in the Hubert M. Dawson Library at Temple Junior College November 30-December 17.

The 13-piece display will include suede and leather stitching and macrame.

Also on exhibit will be a macrame sculpture which won the best of show award in last year's art exhibit during the Temple Junior College Fine Arts festival.

Mrs. Wilson has conducted creative stitchery classes at the Temple Cultural Activities Center.

## School Menu Cameron

MONDAY, NOV. 29  
Fish portions  
Buttered potatoes  
Green beans  
Cake squares, milk

TUESDAY  
Chili beans  
Spinach  
Carrot sticks  
Apple pie, topping  
Cornbread, milk

## Buckholts

MONDAY, NOV. 29

Lettuce, tomato  
Buttered corn  
Jello, cookies, milk

THURSDAY  
Brown beans  
Cheese  
Buttered broccoli, onions  
Corn bread, butter  
Donuts, milk

FRIDAY  
Fish sticks, catsup  
Lettuce, tomato salad  
Macaroni and cheese  
Bread, butter  
Apricots, milk

Miss Betty Jo Marak of Cameron became the bride of Frankie E. Ach of Temple in a formal ceremony at St. Monica's Catholic Church Saturday, November 13.

The bride is the daughter of Mr. and Mrs. Roman L. Marak of Cameron and the groom is the son of Mr. and Mrs. James Ach of Temple.

Rev. Pete McCabe officiated at the afternoon wedding. The church was decorated with pink gladiolas.

Wedding music was furnished by Mr. Ladis Marek, Jr. and Mr. Albert Michalka, both of Cameron.

Given in marriage by her father, the bride wore a formal empire gown of peau de soie with the bodice and bishop sleeves covered with lace. The lace covered skirt was highlighted with a chapel train which fell from the bodice and was also of lace. Her veil fell from a crown made of pearls. She carried

a bouquet of white carnations.

Miss Veronica Tepera was maid of honor and Mrs. Frankie Klecka Jr. served as her sister's matron of honor. Bridesmaids were Mrs. John Ach and Miss Sharon Milatsch both of Temple. They wore empire gowns of hot pink with lace covering the bodice and long sleeves. They carried bouquets designed in colonial style of light and dark pink carnations.

Flower girl was Vicky Vaulin, cousin of the bride, of Cameron. She wore a gown the same as the bridesmaids. Russell Kamenicky of Cameron, nephew of the bride, was ring bearer.

Albert Ach of Temple served his brother as best man. Groomsmen were Frankie Klecka, Jr. of Cameron, John Ach, brother of the groom from Temple and Thomas Galler, cousin of the groom, of Waco.

Ushers were Frank Kamenicky of Cameron and Robert Vasicek Jr.

A reception was held following the ceremony at the Simon George Hall. The hall was decorated with pink and white crepe paper and pink gladiolas. Miss Karan Kamenicky of Cameron registered guests.

Members of the house party included Mrs. George Tepera of Bay City, Mrs. Frank Kamenicky of Cameron and Mrs. Richard Kamenicky of Dickinson.

The couple will live in Cameron.

The bride is a 1968 graduate of Yoe High School and is employed at St. Edward Hospital.

The groom is a 1968 graduate of Temple High School in Temple and is entering Texas A&M University in the spring, as a senior in Civil Engineering.

## Old Masters Art Exhibit In Temple

An exhibition and sale of original graphic art by contemporary and old master artists will be conducted Friday, Dec. 3, in the Arnold Student Union at Temple Junior College.

Art department chairman Bill Howell said the event is sponsored jointly by Temple Junior College and Mary Hardin-Baylor College.

The exhibition will be on display from 10 a.m. to 4 p.m.

"Included in the exhibition will be more than 1,000 original etchings, lithographs and woodcuts by artists such as Picasso, Chagall, Miro, Goya, Renoir, Rouault, Kollwitz and many others, including contemporary United States, European and Japanese printmakers," Howell said.

Prices will range from \$5 to \$1,000, he added, "but for the most part, almost all are under \$100."

The exhibition is arranged by the Ferdinand Roten Galleries of Baltimore, Md., which specializes in such exhibitions and graphic art sales at colleges, museums and art centers.

## BEANS

Know the difference between green beans and wax beans? Wax beans are so called because of their waxy yellow color. Green beans are more common. The two types of beans have little difference in nutritional value, say Extension foods and nutrition specialists.

## San Gabriel

The weather was the topic of conversation around San Gabriel last week after the tornado passed through this community late Wednesday afternoon.

It was the first time for many to actually see a tornado in action. Mr. and Mrs. Emit Andrews home was beyond repair, and at this time they have their furniture stored in Rockdale and are at their daughter's home. Mr. and Mrs. Collier Pearson in the Forest Grove community.

Mrs. Bob Wimberly was hospitalized last Monday in Taylor at John's Community Hospital and is still a patient there. Her father, Mr. George Shine, of Houston has been here with the Wimberly family several days this week.

The foreign mission book, "Drums Over Africa," was taught by Mrs. Hugo Linke Monday afternoon from 1 p.m. until 3:30 p.m. in the church annex. The week of prayer will be observed Nov. 28 through Dec. 5, with programs Monday, Tuesday, Thursday and Friday at 9:30 a.m. Wednesday the Baptist men of the church will bring the program at 7 p.m.

Mrs. Ted Oslick joined by a friend of Taylor were in Austin Saturday.

## College Notes

Susan Elaine Able, of Rt. 1, Buckholts, has been initiated into the University of Texas chapter of Alpha Lambda Delta, scholastic honorary society for freshman women.

The national organization offers membership to freshman women who have completed one full semester of at least 12 semester hours of course work and have attained a 3.5 grade point average.

In the poultry section, Grade A large eggs are an excellent low-priced protein choice. Turkey supplies and prices are about the same as a year ago. But look for some price increase as the holiday season advances, Mrs. Clyatt predicts. The most economical purchase will be on an 18-pound and up size bird; these larger birds have a greater proportion of meat to bones. Fryer chicken also may be "specialized" in many markets.

Potatoes, cabbage, carrots, yellow onions, sweet potatoes, mustard, collards, turnips and other greens are among the most reasonably priced fresh vegetables. Cold weather has affected

# Liner Queen Elizabeth Getting Expensive Facelift

By Roland Dallas  
Reuter Correspondent

**HONG KONG**  
The old British liner Queen Elizabeth is getting what is probably the world's most extensive and expensive facelift, costing about 10 million dollars and involving 1,400 workers.

The vessel is anchored in Hong Kong harbor where shipping magnate C. Y. Tung and his Island Navigation Company are converting the 31-year-old former Cunard liner into a floating university and cruise ship.

Hundreds of local Chinese workers are tearing out old wiring, chipping old paint and scraping off the rust of two years acquired when the liner was an unsuccessful tourist attraction at Fort Lauderdale, Fla.

Welders are fitting new metal parts, upholsterers are repadding chairs, mechanics are renovating the elevators and engineers are

repairing the four engines. The liner has been renamed S. S. Seawise University, a pun on Tung's initials, and has been registered in Nassau, Bahamas.

When the liner sails next March it will be under the colors of the courtly, 60-year-old shipping magnate's orient overseas line, which already operates 14 passenger ships including two of 18,000 tons.

"We are trying to keep the original atmosphere," says Captain Christopher Lou, passenger services supervisor for the far east. "Passengers who want a modern atmosphere can take one of the latest liners," he adds.

"Our major passenger market is the United States, and especially the grandparents who have the time and money for a vacation at sea. We will give them personal

treatment mixed with oriental courtesy."

The cabins will have all the old Cunard fittings, mostly modernized, and the first class dining room will remain unchanged. But telephones and piped music are being installed in all cabins and upper bunks are being dismantled.

The kidney-shaped bar on the promenade deck is being converted into a "moon palace" mingling oriental tradition with images of space travel.

The cabins class dining room is being transformed into the "Restaurant of the Wise Men" with a large statue of the ancient philosopher Confucius.

Seawise University is due to start pacific cruises in March, and one of its first passenger groups will be 1,500 members of the Japanese Stop-Smoking Society.

# Peking Girds For Winter With RagPadded Overalls

By James Pringle  
Reuter Correspondent

**PEKING**  
The people of this capital and the rest of north China are girding themselves for a long, bitter winter and the penetrating "yellow winds" which sweep in from Mongolia.

In mid-November the weather is still mild and sunny, but by the end of the month temperatures are expected to drop to 14 Fahrenheit, and to remain at that cheerless level until early April.

Despite the continuing warmth, Chinese have already looked at the calendar decided that winter is here and swathed themselves in three or four pairs of drab grey or blue overalls.

The appearance of such apparel is bulky and scarcely graceful, but everyone is warmly and completely clad.

The tattered garments in which the poor in former days shivered and froze are nowhere to be seen.

But frequently clothing repairs are effected with scraps of other garments. Chinese girls in patched overalls are unaware that their faded clothes would draw envious glances from fashion-conscious girls in the West who currently favour just such patches worn on their jeans.

Traditionally, the Chinese pawned their winter clothes in the spring, enjoyed a brief celebration and spent the summer months working to retrieve their garments.

Peking's second-hand shops -- one a massive building with galleries resembling the big "Gum" department store in Moscow -- are full of eager citizens buying jackets and coats padded with cotton rags.

The more prosperous go for silk padding or fur coats and hats. Dog is a much favored pelt for these garments. The best shoes are black velvet padded with cotton.

The capital's hundreds of mule, donkey and horse drawn carts are everywhere transporting slow-burning briquets made of coal dust. These are used to heat one-story homes, though not enough to enable occupants to take off their padded coats.

A kettle continually boils atop the stoves which burn this fuel -- the Chinese are

as keen on their cup of tea as the British.

In the people's communes on the outskirts of Peking, people are warmer in the winter, for they have traditional "Kang" beds made of bricks with built-in stoves which give the same effect as the warming pans used in medieval Europe.

Tree-planting, often by schoolchildren, continues as the authorities try to diminish the dust storms known as the "yellow winds." The dust is swept in from Mongolia by cutting winds, though

its effects have been lessened in recent years by a popular-planting program in and around the city.

The effects of the yellow wind and the winter chill can be mitigated by yellow wine, however. This is a rice brew drunk warm.

Another cherished antidote to the cold is the fiery "Mao Tai," a sorghum-based liquor aged for several years in stone jars.

In the "hutongs" or grey-walled alleyways of Peking, there is now a pleasant aroma of wood-burning fires.

## Carlo Ponti Plans Amusement Park

By Nicholas Parsons  
Reuter Correspondent

**ROME**  
Italian film producer Carlo Ponti is planning to build a massive children's amusement park on this country's southern coast.

The center, to be modelled on California's Disneyland, will contain fairground, miniature railways, open-air movie theaters, swimming pools and sailing areas.

There will also be a large game park, where wild animals will roam in conditions as near to their natural state as possible, a sports stadium, hotels, a harbour and perhaps an airport.

Ponti has acquired for the park some 470 acres of virgin land lying between gently rolling pine woods and the Mediterranean just west of Taranto.

He has also engaged the Japanese architect Kenzo Tange, who was responsible for some of the most admired buildings at the 1964 Tokyo Olympic Games.

Ponti attributes the idea to his becoming a father, three years ago, after his wife, film star Sophia Loren had suffered three miscarriages. Miss Loren had a child, Carlo Junior, by Caesarian section.

"When you become a father at my age -- at any age, that is, of reflection -- you start to think about children, and you realize that in this world nobody does anything for children," he said in a newspaper interview.

"The educators, sociologists and psychologists chatter away, but really they are just takers. They do nothing concrete."

He said the children of Milan, Rome and of other modern cities had a very unhappy life. "They do not know where to go and play. They have no room. They have never seen a real horse or chicken."

"In New York I have seen them playing in Central Park among the drug addicts and the drunks," he told Rome's *Il Messaggero*.

Ponti said his plan was designed to encourage other people to improve children's lives.

The newspaper challenged the producer over whether the money which would be needed should not be spent building schools, or factories for the unemployed in Italy's impoverished south.

Ponti replied that his project would create more jobs than a large factory. The park alone would employ at least 5,000 people, while related tourist activities would probably boost the total number of new jobs to between 15,000 and 20,000.

The project is massive but Ponti, producer of such epics as "War and Peace" and "Doctor Zhivago," has never let the size of a project deter him.

When asked where the money would come from to realize his plans, he replied: "I am not worried. The important thing is to have the ideas. The money can always be found."

## Old Paris Studios Are Disappearing

By Alec Hargreaves  
Reuter Correspondent

**PARIS**  
Developers are busy demolishing the old Paris studios that have traditionally acted as a magnet for artists seeking inspiration and a cheap place to live.

The French capital's status as a major international art center owes much to the garrets and basements once frequented by such masters as Pierre Renoir, Pablo Picasso and Amedeo Modigliani.

But now their picturesque old haunts are fast disappearing and the problem of evicted professional artists is viewed so seriously that the government and municipal authorities have come to the rescue with modern state-subsidized studios.

There are fears, however, that the clinical new studios, built in ordinary state-financed apartment houses, cannot compensate for the spacious, old low-rent workshops, which visitors to Paris found had a special charm.

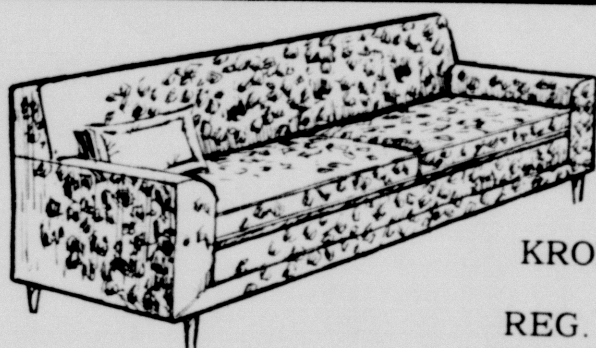

About 700 workshops are estimated to have disappeared in the last 10 years. Among the worst-hit areas are Montmartre, once a haunt of Picasso, and the traditionally Bohemian left-bank district of Montparnasse.

## Speedway Open House

COLLEGE STATION  
Texas World Speedway  
will open the gates to the  
public on Sunday, Nov. 28,  
for an open house that will  
feature several of the driv-  
ers and machines that will  
participate in the Dec. 5th  
Texas 500.

The open house will be  
from 1 p.m. until 6 p.m.  
Sunday. Such top-name NAS-  
CAR drivers as Tiny Lund,  
Walter Ballard, Ronnie  
Chumley, Tony Bettenhou-  
sen, Jr. and H. B. Bailey will  
be on hand to meet the fans  
along with world famous  
Grand Prix ace Jackie Oliv-  
er.

There will be decals for  
the children and door prizes  
for the adults at no cost.  
In addition to guided tours  
of the facility, NASCAR will  
have a special shakedown  
practice session for the  
drivers and machines.

LONNIE SCOTT, GUARD

# Range Fires Pose Threat

The dangerously high possibility of range fires this fall threatens virtually the entire state of Texas.

Dr. Bobby J. Ragsdale, range specialist with the Texas Agricultural Extension Service, points out, "The increased fire hazards are due to tremendous masses of vegetation that have fallen to the ground. Summer rains added an unusually large growth of foliage. Now that fall has come and the foliage is on the ground, the colder weather will dry out the foliage, increasing its danger as a fuel for fire. "It is vitally important that the public be aware of this danger," continues Ragsdale. "Everyone should be helpful in the prevention of fires. Hunters and other outdoorsmen should be especially careful of campfires which could lead to larger and more dangerous fires. The fall is always the most dangerous time of the year for fire hazards."

If a fire should start, organizations such as county rural fire control groups would play a key role in extinguishing the fire as quickly as possible. If counties have no plans for rural fire control, some should be adopted as quickly as possible, says Ragsdale.

The range specialist points out that fire danger exists in woodlands as well as the range areas of our state.

Loss of forage cover by fire will increase the possi-

bilities of soil erosion. Plant growth provides invaluable service to soil conservation. Ragsdale points out that livestock and wildlife are also lost to fires at times.

"Fire danger should be of concern to everyone," emphasizes the specialist. "Fire has proven to be an invaluable tool, but when uncontrolled it can be one of the most destructive forces known to man."

## Maysfield

Mr. and Mrs. E. B. Yager visited their daughter Mr. and Mrs. Mac Marion of Seguin then on to San Antonio and took a plane to Atlanta, Ga. to visit their son Mr. and Mrs. Thomas Yager. From there they went on to Oxford, Ohio to visit another son Mr. and Mrs. Ben Yager.

Mr. Hayward McConnell visited his sisters in Thrall Sunday.

Mr. and Mrs. E. L. McIntosh and children made a trip to Oklahoma this weekend.

Bob Newton and Roy Newton spent Wednesday in Austin.

The Herbert Thweatts and Randy of Austin spent Sunday in the home of his mother, Mrs. Leota Thweatt.

Mrs. LaVerne McElwath, Mrs. Mariama Massengale and Mrs. Dock Thweatt visited Mrs. John Thweatt of Cameron and Mrs. H. M. Ashcraft, and Mrs. Earnest Floyd of Temple on Sunday.

# Texas Farmers Due More Credit

Texas farmers will be able to tap the largest supply of supplemental credit in history this year through the Farmers Home Administration, State Director Lynn Futch announced today.

"We project that more than \$81 million will be available to Texas farmers in fiscal '72, as a result of cooperative efforts between the Farmers Home Administration and commercial lenders," he stated.

The cooperative effort involves having the commercial credit source and Farmers Home Administration made simultaneous loans to a borrower, with the private lender having first claim on the security.

"The Farm Ownership program aimed to reach \$30 million -- \$15 million of government money, with private lenders participating at a level of \$15 million", Futch continued.

"Projected figures for the farm operating loan program is \$51 million of which \$22 1/2 million -- triple last year's figure -- comes from regular commercial lend-

ers." Lending levels of FHA farm programs are also higher because of a substantial boost given the farm ownership program by President Nixon when he announced that national funding would be \$350 million this fiscal year, \$82 million above 1971 levels, Futch said.

The President also said the nationwide farm operating loan program would be raised to \$350 million from its present \$275 million level if the Congress would approve legislation changing the program from an appropriation basis to an insured basis.

If this legislation is passed, Futch said, notes of farm borrowers for operating purposes would be sold to investors who, in turn, would be insured against loss on the notes. The investor's money would replenish a revolving fund and would be available for more loans, as is the case now with farm ownership loans.

## Pitch Tent In Clearing

When pitching a tent, locate it on the edge of a clearing on high ground and on a slope for

# Market Report

There were 670 cattle and calves consigned to the Cameron Livestock Auction Thursday, compared to 870 last week and 948 last year.

Slaughter cows were steady to 50 lower with decline on utility. Slaughter calves fully steady, slaughter bulls strong to 50 higher.

Feeder steers steady to 50 higher with advance on good and choice. Steer calves strong to 50 higher with increase on choice. Feeder heifers steady to weak. Heifer calves fully steady. Stock cows and cow and calf pairs turning sharply upward.

Demand was good and the run included around 3 percent slaughter cows, one percent slaughter bulls and calves with the remainder mostly feeder cattle and calves.

Some prices paid were: Slaughter cows, utility and commercial 19.60 to 22. Slaughter bulls, utility and

commercial 27.50 to 30.90 Slaughter calves 32 to 33.50.

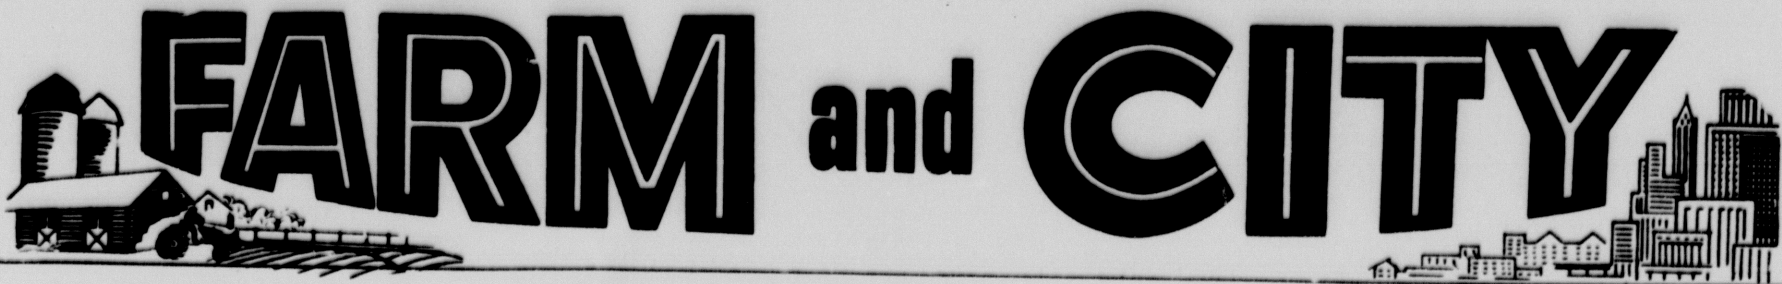

Feeder steers choice 46 to 50. Feeder heifers choice 36.50 to 41. Stock cows choice 20.20 to 23. Cow and calf pairs choice 280 to 357.

Hog receipts totaled 646 with barrows and gilts fully 50 higher. Sows steady to strong.

Barrows and gilts, US 1-3 brought 19.30 to 19.80. Boars 12 to 13.75. Sows, US 1-3 brought 16 to 17.60.

## 19 Million Burgers

The National School Lunch program feeds 19 million children. If all these children were seated on both sides of one table it would have to extend from Washington, D.C. to 150 miles north of Anchorage, Alaska. Feeding all students at one meal would require 3,300,000 pounds or 82 carloads of ground beef served on 19 million hamburger buns plus 4,750 tons of milk in half pint cartons.

MILAM COUNTY Farm Bureau delegates are shown as they registered for the 38th annual meeting of the Texas Farm Bureau held Nov. 14-17 in Amarillo. Front row from left,

Mrs. Edwin Lehmann, Miss Lenora Bickett, Mrs. Wavy Charles and Mrs. Leonard Cobb. Second row from left, Edwin Lehmann, John A. Smith, A. T. Swanzey and Leonard Cobb.

## Lease Bids Called On Milam Property

The Board of Lease of the Texas Youth Council has called for bids on the oil and gas lease of a 119-acre tract in Milam County.

Bids will be received until 10 a.m. Dec. 7 at the General Land Office in Austin.

Bids should be sent to the state land commissioner.

The lease will be for a primary term of five years with a fixed royalty of one-sixth of total production on the acreage.

The land is a portion of the John Dunlap survey and has frontage on the GC&SF Railroad.

## Cautious Consumer

A recent ad agency survey showed that Mrs. Homemaker, faced with higher prices, has changed her food buying habits. She is more concerned with cost and quality than convenience and brands. In addition, she watches for sales, substitutes less expensive foods, plans menus in advance and does more food preparation herself.

## County Farm Bureau Goes To 38th Annual Convention

Milam County Farm Bureau was represented at the 38th annual meeting of the Texas Farm Bureau Nov. 14-17 in Amarillo by eight delegates. Sessions were held in the Amarillo Civic Center.

State policies and recommendations on national issues were adopted by more than 900 official voting delegates from most of the 206 organized county Farm Bureaus. Total attendance at the convention was more than 1,500.

Registration got underway Nov. 14. Highlights of that day included Discussion Meet and Talent Find competition for young people and vesper services.

The Monday morning program included the annual address by TFB President J. T. Woodson of Gober, an administrative report by Executive Director O. R. Long of Waco, and an address by William J. Kuhfuss, president of the American Farm Bureau Federation.

Special conferences on Community Services, Young Farmers and Ranchers, Livestock, Dairy, and Natural Resources were held that afternoon. The annual Queen Contest, with 13 participants was held Monday evening.

Special conferences on Field Crops, Farm Labor, Research and Education, Services, Poultry and Farm Bureau Women were held Tuesday morning. The annual banquet was held Tuesday evening with Rev. Hill, Baptist evangelist, of Amarillo as speaker.

The business session convened at 10:30 Tuesday morning with voting on resolutions sent in by county Farm Bureaus. The voting session continued Wednesday.

## Fund Opened For Family

A fund for the family of Clifford C. Schrank has been established at the First National Bank in Cameron and Buckholts State Bank in Buckholts.

Schrank died November 17 after a long illness and hospitalization. He was 48 and before becoming ill had been a mechanic at Hefley-Stedman Motor Co. He is survived by his wife and daughter of Buckholts.

Anyone wishing to assist the family may direct gifts to The Clifford Schrank fund at either of the above banks.

By Danny Phillips Ass't County Agent

## SCHOLARSHIP AVAILABLE

Thus, the Board of Directors at Texas A&M has appropriated funds to establish the Stiles Farm Foundation Scholarship Fund. Scholarship grants of \$500 per academic year will be made available to the recipients of this scholarship.

The Stiles Farm located at Thrall, Texas in Williamson County and is a part of Texas A&M University through the will of the owner, the late Hadley A. Stiles. Stiles loved the farm life and the people associated with agriculture.

Stiles specifically stated that a portion of the farm income be used to assist in the education or training of men and women engaged in agricultural production or in preparing themselves for careers in the field of agriculture.

The scholarship committee in the College of Agriculture will review the student's academic performance each year and make recommendations to the Dean, then a student may receive up to \$2,000 during 4 years of study.

Students who are seniors in high school and those attending another college are eligible to compete for this scholarship, however, the student must major in an agricultural degree program at Texas A&M. Students should have a CEEB (SAT), or PSAT score of 900 or more and a high school average of 90 or above in order to apply for these scholarships.

For the 1971-72 school year, eight new scholarships were awarded to outstanding young people from the Central Texas area. The deadline for applying is April 1. We have scholarship application forms and if you are interested, please come by the office as soon as you can.

## Trustees Commend Health Unit

The Board of Trustees for the Cameron Independent School District meeting in regular session November 16, 1971 passed the following resolution by unanimous vote:

The Board of Trustees for the Cameron Independent School District hereby commends Dr. C. G. Swift and the Milam County Health Unit for its promptness and efficiency during the recent Diphtheria Immunization Program. Your awareness of the problem and dedication to duty in all probability stopped an epidemic from developing and by so doing alleviated a great deal of concern by all those connected with the school system.

Please be advised, We, of the Cameron Board of Trustees pledge our support to you and your unit for the fine work you are doing.

/s/ Hilliard S. Thomas,  
President  
Board of Trustees,  
Cameron ISD

Attest: D. R. Dodson  
Supt. of Schools

Mrs. Myrtle Morning of Fort Worth had surgery at St. Joseph Hospital of Fort Worth on Monday.

Mr. and Mrs. Monroe Lange and Randy of Rosebud had supper with Mr. and Mrs. Wesley Davenport on Monday.

Mrs. J. T. Prescott and Jake and Mrs. Julia McCollum left last Friday for a visit with relatives at Houston. On Saturday evening, the Billy Jeff Prescotts and girls returned home with them after Jake became ill down there.

Donnie Polk, grandson of Mr. and Mrs. Gerald Foshea, underwent a tonsilectomy at Halbert-Vardiman Hospital of Rosebud on Friday evening.

Darrell Polk of Rosebud spent Friday night with Mr. and Mrs. Gerald Foshea. The Willie Adams' of Rosebud and the Wesley Davenports visited the Henry Davenports on Friday night.

## COUNTY NEWS

### Army Announces Major Pay Raise

New military pay rates which mark a giant step towards bringing the United States Army pay in line with that of business and industry became effective today according to SFC Grubbs, army recruiter for Temple.

The military pay raise, enacted into law on September 28, has been withheld temporarily as a part of President Nixon's freeze on wages and prices.

Newly - enlisted soldiers will now receive \$268.50 per month which is double that offered under the previous pay law. The whole new pay formula gives the largest increases to the lower ranking enlisted grades and to junior officers.

lows the soldier the opportunity to save a great deal of his pay.

In addition, the massive army educational program offers a choice of training in over 300 different jobs plus off-duty schooling for which the army pays the major share of tuition costs.

For more information on the new military pay bill and the host of army opportunities and challenges available to young men and women, contact SFC Grubbs at his office located at 1st and West Central Ave. in Temple, or, call him at 773-1711 ext. 200.

#### CHRISTMAS FLOWERS

Now is the time to begin preparing Christmas cactus and poinsettia plants for holiday blooming, advises Everett Janne, Extension landscape horticulturist. Both plants should get plenty of sunlight during the day but also need long, cool nights.

Army officials expect the new pay scales will play a major role in attracting the enlistees needed to man the modern volunteer army. They point out the army has traditionally offered major fringe benefits such as free medical and dental care, food and housing, and a retirement system which al-

## YOUR SERVICEMAN

### Potatoes Not Always Fattening

PROMOTED - Capt. M. C. Melekers congratulates August D. Reimer on his promotion to Chief Petty Officer, at San Diego, Calif. Reimer is the son of Mr. and Mrs. Philip Reimer of Rt. 1, Cameron.

A popular misconception about calories and increased competition with other foods are the main reasons Americans are not buying as many potatoes these days, says Frances Reasonover, Extension foods and nutrition specialist.

"Although potatoes are higher in calories than most vegetables, they are considerably lower than many other foods in the daily American diet," she explains. A baked or boiled potato has fewer calories than the same amount of avocados, lima beans, bran flakes, prunes, rice or sweet potatoes.

Potatoes prepared without butter or cooking oil, or served without gravy also have fewer calories than most fruits canned in heavy syrup, she adds.

Starch, often considered the reason potatoes are fattening, and other nutrients make up only 20 percent of the potato; the remaining 80 percent is water.

"If potatoes had to be your only source of nutrients, they would provide all the riboflavin, one and one-half times the iron, three to four times the thiamine and niacin, and more than ten times the vitamin C you need. Potatoes also contain many important mineral elements and they supply a significant amount of protein as well," she continues.

#### BILLY MUSTON

USS INDEPENDENCE Navy Petty Officer Third Class Billy W. Muston, son of Mr. and Mrs. Frank A. Muston of Rockdale, is in the Mediterranean aboard the 80,000 ton attack aircraft carrier USS Independence, homeported at Norfolk, Va.

His ship has so far visited Scotland and Italy, and is scheduled to spend the Thanksgiving and Christmas holidays in Athens and return to Norfolk in March.

#### MAC POPHAM

FT. ORD, Calif. Army Private Mac E. Popham, son of Mr. and Mrs. Henry D. Popham, Route 1,

Cameron, is assigned to Ft. Ord, Calif. where he is training under the modern volunteer army field experiment.

The new concept, called VOLAR, combines basic and advanced individual training into a single 16-week program. Decentralized instruction at the unit level and a reduction of formations and inspections gives the soldier more time to train and increased off-duty time. Fewer restrictions on off-duty travel and improved living facilities are other benefits of the VOLAR concept.

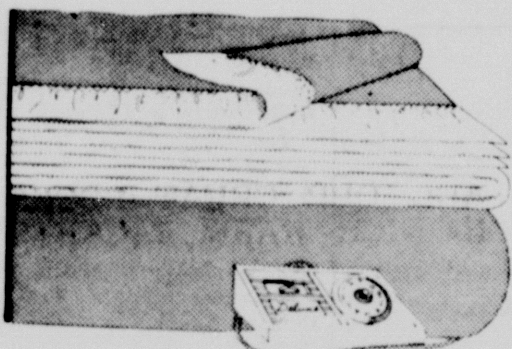

Pvt. Popham began his training on Oct. 25 and is scheduled to complete the first phase on Dec. 17.

obit cast

Mrs. Nancy Elizabeth Cast, 88, of Rockdale died Thursday in a Rockdale hospital after an illness of several months.

Funeral was at 2 p.m. Saturday at Phillips and Luckey Funeral Home, the Rev. Millard Brown officiating. Burial was in Oak Lawn Cemetery.

Surviving are a son, Ernest Cast of Rockdale; two daughters, Mrs. John Skinner of Bartlett and Mrs. Vaughn Blackmon of Rockdale; seven grandchildren and eight great grandchildren.

Buckholts

By Mrs. Edwin Gandy

We were sorry to hear about the death of Clifford Schrank. He was buried last Friday. There were a good many people from out of town to attend the funeral.

Buckholts School will turn out Wednesday afternoon for the Thanksgiving holidays.

Mrs. W. W. Chevalier and Mr. and Mrs. Clifford Chevalier of Houston visited in the Bill Prater and Jim Matthews' home. They all visited in the home of Mr. and Mrs. Jimmy Prater and daughter of Taylor before returning to Houston.

Visiting in the Lee Lock home over the weekend were Mrs. Leslie Lock and children of Houston.

Mr. and Mrs. Frank Garey spent the weekend visiting their parents, Mrs. Claude Hodges of Santa Anna and Mr. and Mrs. Garey of Brownwood.

Mrs. Orba Arnold has returned home from her trip to Alabama. Her sister Jewel Collier of Waco spent Wednesday and Wednesday night with her and her brother, Coy Gandy was here the last part of the week.

Bro. and Mrs. C. A. Kent attended the funeral of her sister, Mrs. Barbara Priser of Rockdale last Thursday.

Mrs. Myrtle Hill of Temple visited Mrs. Evelyn Loftin Sunday afternoon.

Mr. and Mrs. Marvin Thompson of Milano visited his sister and family, the Ladis Marek family.

We are glad to report that Joe Brady who is in the Navy is home visiting his parents Mr. and Mrs. Leon Brady.

Visting in the Leon Brady home and the home of Mrs. Estelle Horstmann over the weekend were Joe Brady from the service, Mr. and Mrs. John Busby of San Antonio and Tim Busby of Waco.

Mr. and Mrs. H. H. Wright of Rogers visited in A. R. Walschak home Sunday evening.

ABUNDANCE

Jesus said, "I am come that they might have life, and that they might have it more abundantly."

Now it is a tribute to the intelligence of men that no one thinks He was talking about the material abundance we enjoy today. Everybody knows He was talking about something else.

But what else? What could Christ add to your possessions? What can He give men that might account for the logical distinction we readily make between a life of abundance and the abundant life?

Himself! That's it. That's all. Precisely what He said: "I am come that..."

To know Him and to know the meaning His Life has for our lives is to discover the abundant life!

Does your family use the Church as faithfully as the market?

The Payroll Savings Plan is for people who hate to think about saving.

If you're one of those people who needs to save but doesn't like to think about it, the Payroll Savings Plan is a perfect solution to your problem.

You only have to think about saving once and that's when you join.

After that, money is added to your savings every payday. Whether you remember or not.

While you're thinking about other things, your money will be adding up faster than ever before. Now there's a bonus interest rate on all U.S. Savings Bonds. E Bonds now pay 5 1/2% when held to a maturity of 5 years, 10 months (4 1/2% the first year). That extra 1/2% is payable as a bonus at maturity. This applies to all bonds issued since June 1, 1970... with a comparable improvement for all older bonds.

Start building a nest egg the easy way.

Sign up for the Payroll Savings Plan. Then forget it.

Take stock in America.

Now Bonds pay a bonus at maturity.

AUTO FACTS

BLOWING YOUR COOL!

WORKING ON THE SAME PRINCIPLE AS A PRESSURE COOKER--YOUR CAR'S COOLING SYSTEM OPERATES AT AS MUCH AS SEVENTEEN POUNDS PER SQUARE INCH, PRECISELY CONTROLLED BY A PRESSURE CAP.

TO PREVENT LEAKAGE OR SUDDEN BURST UNDER SUCH PRESSURE, RADIATOR HOSES AND CLAMPS MUST BE IN GOOD CONDITION. ONLY A CLEAN SYSTEM WILL INSURE EFFICIENT COOLING.

CAUTION!!! THE BOILING GEYSER RESULTING FROM REMOVAL OF THE CAP FROM A HOT RADIATOR CAN BE DANGEROUS. THE CAR CARE COUNCIL ADVISES: ALLOW AN OVERHEATED ENGINE TO COOL FIRST THEN REMOVE THE CAP SLOWLY, USING A THICK GLOVE OR RAGS FOR PROTECTION.

## Economic Stabilization

## Questions and Answers

This column of questions and answers on the Economic Stabilization Program is provided by the U.S. Internal Revenue Service and is published as a public service. The column answers questions most frequently asked about the Economic Stabilization Program announced August 15 by President Nixon.

Q - Do policy rulings issued by the Cost of Living Council or interpretations issued by the Office of Emergency Preparedness continue to be applicable after November 13, 1971?

A - Yes, unless such rulings or interpretations are specifically altered by regulations or published rulings issued by the Cost of Living Council, Pay Board, Price Commission or IRS.

Q - How does a private citizen or corporation obtain information or a ruling with respect to Economic Stabilization regulations issued during the post freeze period?

A - IRS will answer inquiries and issue rulings regarding the stabilization program. All these inquiries should be directed to the appropriate IRS District or subdistrict office. All requests for rulings should be in writing and directed to the appropriate IRS District Office or subdistrict office.

Q - Do different substantive rules apply to price adjustments or pay adjustments depending upon what price category or pay category applies?

A - No. The same substantive rules apply to price adjustments and pay adjustments regardless of what procedural category governs a price adjustment or pay adjustment.

Q - What is an exemption?

A - An exemption is a general waiver of the controls for certain classes of property, services, or economic transactions.

Q - What is an exception?

A - An exception is a waiver in a particular case

of the application of the requirements of any order or regulation issued by the Council, Pay Board or Price Commission.

Q - Who may grant exceptions to regulations concerning the stabilization program?

A - IRS will receive and process applications for exceptions. These applications will be forwarded to the Cost of Living Council, the Pay Board or Price Commission, as appropriate for decision.

## FFA Teams Win In Area Competition

The Junior Farm Skills team placed first in district competition. Winning teams competed in area competition at Blinn College at Brenham November 13. There were 126 teams represented.

Members of the team are Carl Burnett, Eddy Coker, Al Matula, Sonny Cochran, and Robert Plachy.

At the Area III meeting the Senior Farm Skills team placed first in district. Members are Bo Cryer, Mike Patzke, Dennis Pelzel, Donnie White, David Ehler, Bill Vogelsang, Kenneth Dusek, Duane Tomek and Greg Shegult.

Senior Chapter Conducting team placed second. Members included David Tucker, Gary Fuchs, Ricky Richter, Jimmy Vaculin, Tom Jensen, Mark Posival, Lawrence Bauer, and Stephen Simicek.

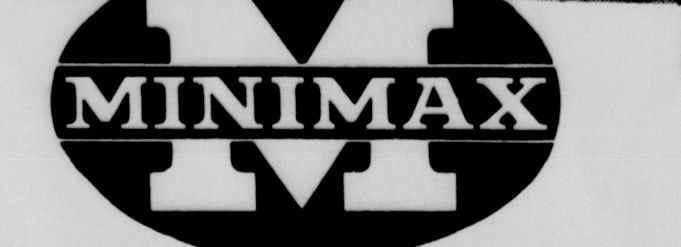

The Radio Broadcasting team placed fourth. The team includes Floyd Lynch, Jim Titsworth, Steve Kirk, Kevin McKeon, Edwin Kohutek and Ricky Reinders.

The Greenhand Quiz members are Donny Fikes, Jeff Tucker, Burt Humphrey and Roger Nunn. This team placed second in Sweepstakes competition.
